

## Kwanzaa Kinara: The Seven Candles

"Kwanzaa" comes from a Swahili phrase meaning first fruits. Founded in the U.S. in 1966, the holiday celebrates the African values shown on each candle. This holiday is celebrated from December 26 to January 1. A black, green, or red candle is lit each day, starting with the candle in the center. The center candle is black. The three candles on the left are red. The three candles on the right are green. Color the candles on the kinara.
