# Use Data from a Picture

Come fly a kite.

Find the fractions in the picture.

Solve the riddles.

1. I show fourths.
   One fourth is a triangle.
   Color $\frac{1}{4}$ of me blue.

2. I show thirds.
   One third is a triangle.
   Color $\frac{1}{3}$ of me yellow.

3. I show halves.
   One half is dotted.
   Color $\frac{1}{2}$ of me red.

4. I show fourths.
   I look like a box.
   Color $\frac{1}{4}$ of me orange.

What shape can you color to show $\frac{1}{2}$ blue and $\frac{1}{2}$ green? _____
Color the shape.

Using the Page To help children ***understand*** the riddles, first have them look for fractions in the kites. Then have them solve each riddle. **Notes for Home** Your child used a picture to answer riddles about fractions. *Home Activity:* Ask your child to make up some riddles about the picture for you to answer.
