

Dear Family,
We will be learning how to sort things. I can practice sorting by helping you sort the laundry. Here is what we can do:

Sort the laundry

We can sort the laundry in different ways.
We can sort by size.
We can sort by color.
We can sort by type of clothing.
Then I can help you fold my clothes and put them away.

Community Connection

When you are outdoors with your child, choose a shape or color. Look for things that have that shape or color.
