

Getting Groceries

All the items that Mom needs to finish her Christmas baking are written on the shopping list. Can you find all the items in the word search grid on the next page? The words can run top to bottom, side to side, diagonally, and even backward! Cross each word off the list as you find it.

HELPFUL HINT: Instead of circling the words in the grid with a pencil or pen, use a highlighter or light-colored marker and simply run a line through each word. This makes it much easier to see all the letters, especially when words overlap.

EXTRA FUN: Look for all the letter Xs that appear in the grid. Use a dark-colored marker to highlight each one and you'll get a picture of Mom's favorite treat to bake. Look a little harder, and you will see that all the ingredients for this treat are hidden inside the picture!

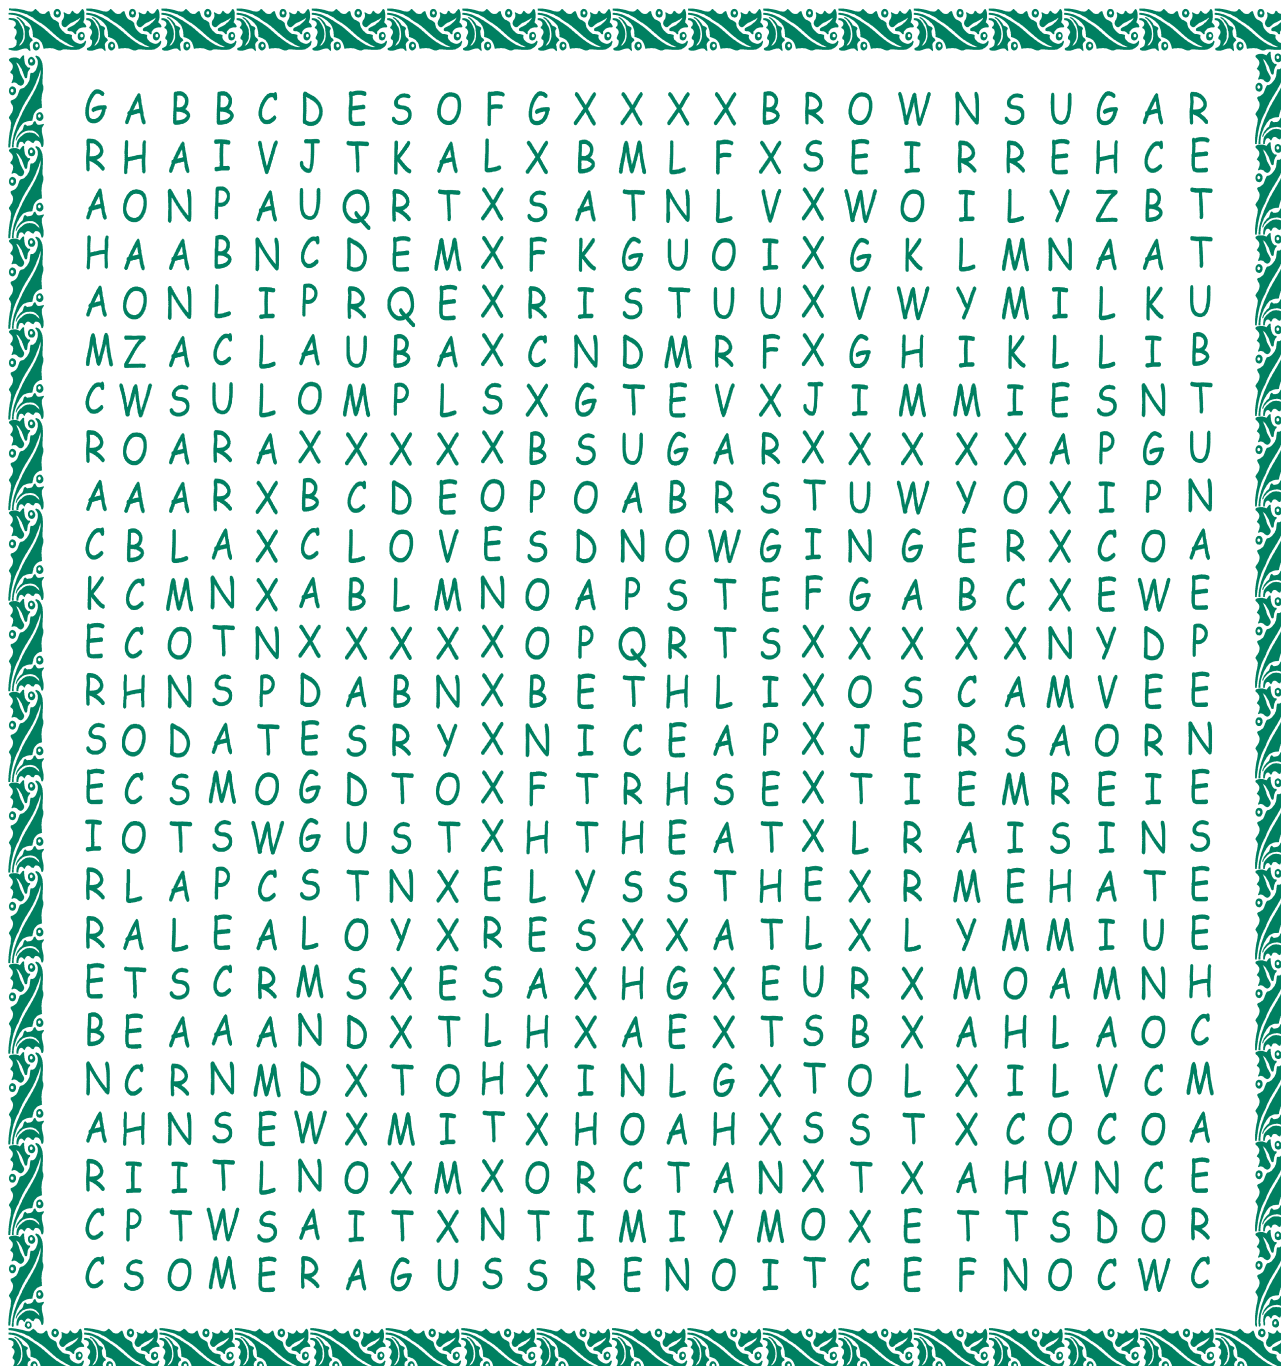

Mom's List
